TWENTY YEARS *of* PREMIUM HOME CINEMA

MOUNTS

The Kaleidescape rack and wall mounts are designed to streamline your movie space and protect your equipment with easy-to-install brackets customized to each player and server. All mounts are made with electronics-grade steel with a black powder coating.

STRATO C rack mount

The custom Strato C rack-mount shelf and faceplate is specifically designed to install one or two Kaleidescape Strato C movie players to your equipment rack. The Strato C rack mount comes with two faceplates, allowing you to attach one Strato C centered in the rack, or two side by side. This mount is 1 rack unit high (1U) and fits in a 19" equipment rack.

STRATO C wall mount

The Strato C wall mount is designed to anchor the player vertically or horizontally to the wall behind a TV display. The plate hole spacings are also compatible with common in-wall or behind-TV mount plates.

STRATO S rack mount

This custom rack-mount shelf and faceplate is specifically designed to attach a Kaleidescape Strato S movie player to your equipment rack. The Strato S rack mount is 1 rack unit high (1U) and fits in a 19" equipment rack.

TERRA rack mount

These rack-mount brackets attach to a Kaleidescape Terra movie server to allow easy installation in your equipment rack. The Terra rack mount is 2 rack units high (2U) and fits in a 19" equipment rack.
