

Olex

New! R1 - Olex processing unit

The new R1 Olex processing units feature a fan-less, silent, lightweight, fully enclosed aluminum chassis. They are delivered with latest i7 – 6700TE 2,4 GHz CPU an 8GB DDR4 RAM and 256GB SSD storage. Graphical output is handled by 2 x HDMI and 1 x Display Port allowing for single or dual display choice at start-up. Standard interfaces include 1 x RJ45 Ethernet Port, 6 x USB3.0 Ports and 4 x Serial Ports. An optional USB dongle can enable Wi-Fi if needed. The compact dimensions of W:28 x D:19 x H:7,5 cm allow for easy installation even in smaller vessels. Moreover, they come with 9-36VDC power input and low power consumption (approx. 2A at 30VDC).
